

Dear Matt Nelson and/or Shelli Bottari (Thurston Waffles' Owners):

I, Jerome Pullen Jr., am requesting the permission to use Thurston Waffles' image, name, and sounds in my upcoming iOS application "Thurston Wafflyzer". The application will contain 2 "synthesizers" of Thurston Waffles' meow that can be played by the user. It will also contain images of Thurston Waffles and use his name in the title.

Proper acknowledgement will be included in the "More Info" page of the application.

If you agree to provide me with permission, please sign both copies of this permission letter and return one copy to me by email (a scanned version is fine) or regular mail.

I appreciate your consideration of our permissions request.

Sincerely,

*Jerome Pullen Jr.*

By signing below, I warrant that I have the right to grant the permission requested in this letter, and that I provide you with that permission.

Signature: *Matt Nelson*
